

## Pierce School

### Letter from the Principal

Dear Parents and Guardians,

This week I let the staff know that I will be the interim assistant superintendent for the district during the 2016-2017 school year. I am incredibly honored that the School Board has asked me to serve in this role, as I am deeply committed to the families, staff members, and community members who make up the Conval School District.

This is a one year position. During the 2016-2017 school year, an interim principal will support the students, staff, and families of Pierce. The district will post this position and a committee will be formed to ensure that we find the best candidate for the role. Since I will still be in the district, I will be available to help and support whomever we hire. Additionally, I will work closely with the staff to make sure that it is a smooth transition for all.

As you know, the teaching and support staff at Pierce are absolutely incredible! It is their work with your children that makes Pierce the special place that it is. Please know that all the traditions and routines of the school will remain in place.

This change is still quite a ways off, but I wanted you to know about it. If you have any questions at all, please do not hesitate to contact me.

Sincerely,

*Ann Allwarden*

Building Principal
